Dear Limit Draw Applicant,

We specialize in three of the best limited draw trophy hunts in Alaska. They are:

- **Trophy Dall Sheep in GMU 14C, Chugach State Park**
- **Trophy Mountain Goats in GMU 7, south of Anchorage**
- **Trophy Moose in GMU 14C, Chugach State Park**

The Alaska Department of Fish and Game (ADF&G) has two limited drawings:

- **Winter limited draw** is Nov 1 - Dec 6 for trophy Dall Sheep and Mountain Goats. Application deadline: Dec 6. Results are available early February, the year of the hunt.
- **Spring limited draw** is May 1-31 for trophy Moose. Application deadline: May 31. Results are available early July, the year of the hunt.

The ADF&G requires the applicant (at the time they apply for their permit) to purchase a hunting license and pay the entry fees for each hunt choice. The license fees and entry fees are nonrefundable. A nonresident hunting license is \$85.00 (non-U.S. citizens license fee is \$300.00) and entry fees are only \$5.00 per choice.

Trophy Dall Sheep, GMU 14C, Chugach State Park, located in our backyard has the highest ram population living adjacent to a modern city, located east of Anchorage. There are approximately 2,000 sheep in this unit. These sheep are specifically known for their genetic traits. Deep curls and heavy bases are the qualities that will yield high scoring trophies. In GMC 14C, on an average 60 rams are harvested each fall, to include 3 to 5 rams over 40 plus inch curls, with some these making Boone & Crockett record book. GMU 14C has four season dates: Aug 10 - 22; Aug 23 - Sept 4; Sept 5 - 17; Sept 18 - 30.

Trophy Mountain Goats, GMU 7, south of Anchorage has a healthy population of trophy Mountain Goats. These goats are protected and harvesting is strictly controlled. GMU 7 offers the nonresident a chance to hunt what is Alaska's very best in trophy Mountain Goats options. This area is also a consistent producer of Boone and Crockett trophies. We have taken many mature male Mountain Goats from 8 ½" up to 10+". These are backpack Mountain Goat hunts, so clients will need to be in good physical shape. GMU 7 trophy Mountain Goat season is Aug 10 to Oct 15.

Trophy Moose, GMU 14C, Chugach State Park, adjacent to Anchorage is in the heart of prime big trophy Moose hunting. There are approximately 1,800 moose in GMU 14C. You can expect to see Moose daily with huge bull Moose with spreads of 55-70 inches. GMU 14C offers some of Alaska's finest trophy moose hunting anywhere. This is a backpack Moose hunt on the Chugach hillsides. GMU 14C trophy Moose season is Sept 4-30.

Hunt Rates: Trophy Dall Sheep hunt, GMU 14C - \$11,000, 10 day hunt
Trophy Mountain Goat hunt, GMU 7 - \$8,500, 10 day hunt
Trophy Moose hunt, GMU 14C - \$15,000, 10 day hunt
*Licenses and Tag fees not included

Please complete the Limited Draw Area Application on the next page and return it to us and we'll take care of the rest. If you have any questions, please contact us via phone or email.

Happy Hunting,

Mike and Frank
